

## **Category Manager**

Value Drug Company  
Duncansville, PA 16635

Value Drug Company, a pharmaceutical wholesale distributor based in Duncansville, PA has an exciting career opportunity for an experienced Category Manager in our corporate office. This position manages supplier/vendor relationships and proper product selection for Value Drug Company customers to remain on the cutting edge of consumer needs and wants.

The Category Manager will identify the source from which to procure products, obtain the necessary information to setup both the supplier and product in company systems, give guidance to staff on the optimal forecasting and inventory levels, and follow the product throughout its life cycle, including: sales, returns, out-dates, damages, etc. This role will manage product selection for seasonal promotions within a particular category and brand segments of assigned products to enable member pharmacies to be competitive and profitable.

This position requires knowledge of supplier/vendor management, contracting, general profitability calculators, and sound business ethics.

Frequent work-related travel required.

### **Required Education and Experience**

Bachelor Degree in Supply Chain Management, Logistics, or related field and/or 5+ years of experience in retail product procurement, or similar field.

### **Security Clearance/Background Check**

Pass a federal background check and drug screen.

### **Benefits**

Value Drug Company offers a comprehensive and highly competitive benefit package including medical, dental, vision, short- and long-term disability, 401(k)/Roth, profit sharing, and more.
